Important Safeguards

When using an electrical appliance, basic precautions should always be followed, including the following.

READ ALL INSTRUCTIONS BEFORE USING THIS VACUUM CLEANER

WARNING -to reduce the risk of fire, electric shock or injury:

1. Do not leave the vacuum cleaner when plugged in. Unplug it from the outlet when not in use or before servicing.
2. Do not use outdoors or on wet surfaces.
3. Do not allow it to be used as a toy. Close attention is necessary when used by or near children or infirmed persons.
4. Use only as described in this manual. Use only the manufacture`s recommended attachments.
5. Do not use with a damaged cord or plug. If the vacuum cleaner is not working as it should, or if it has been dropped, damaged, left outdoors or dropped into water, return it to a service center.
6. Do not pull or carry by the cord, use the cord as a handle, close a door by the cord, or pull the cord around sharp edges or corners. Do not run the vacuum cleaner over the cord. Keep the cord away from heated surfaces.
7. Do not unplug by pulling on the cord. To unplug, grasp the plug, not the cord.
8. Do not handle the plug or the vacuum cleaner with wet hands.
9. Do not put objects into the openings. Do not use with any openings blocked, keep free of dust, lint, hair and anything that may reduce air flow.
10. Keep hair, loose clothing, fingers and all the parts of your body away from openings and moving parts.
11. Do not pick up anything that is burning or smoking, such as cigarettes, matches or hot ashes.
12. Do not use without dust compartment and/or filters in place.
13. Turn off all controls before unplugging.To rewind the cord,grasp the plug.
14. Use extra care when cleaning on stairs.
15. Do not use to pick up flammable or combustibile liquids such as gasoline, or use in areas where they may be present.
16. Do not place any heavy items on top of the vacuum cleaner.
17. Do not step on the hose or pull it too strongly.
18. Do not pick up items such as pieces of waste paper or cloth which look as though they may cause the hose to become blocked.
19. Do not clean or store the vacuum cleaner in places where there are high temperatures.
20. Store the vacuum cleaner away from excessive humidity.
21. When carrying the vacuum cleaner, hold it by the carrying handle.
22. Before servicing the vacuum cleaner, allow all metal parts to cool first.
23. If the supply cord of this appliance is damaged, it must only be replaced by a service centre pointed by the manufacturer, because special purpose tools are required.

Parts Name and Operation Instruction
